The **Moot Alumni Association ("MAA")** was established in 1997 during the 3rd Willem C. Vis Moot Competition in Vienna.

The MAA is a non-profit organization comprised of academics, professionals, and students who have a common interest in international trade law and arbitration.

The MAA organizes conferences, legal training and seminars on international trade law and arbitration, connects its members worldwide, introduces potential opportunities in the fields related to the Vis Moot, promotes the Vis Moot competitions and publishes the Vindobona Journal.

The **Annual MAA International Commercial Law and Arbitration Conference** combines the two most long-standing conferences of the Willem C. Vis Moot Competition in Vienna: the Annual Generations in Arbitration Conference and the Annual Peter Schlechtriem CISG Conference.
