In 2024, **ArbCEE** launched its first major cross-jurisdictional initiative, the “**Take a Seat!**” project, aimed at providing a practical overview of various CEE arbitration seats and their approaches to key arbitration-related questions through legal, statistical, and practical insights into each jurisdiction. The project culminated in the publication of the “Take a Seat!” report, available both online and in hard copy. This comprehensive yet accessible resource covers 19 CEE jurisdictions, presented in an engaging and user-friendly format.

The findings of the “Take a Seat!” report are now being showcased through a dedicated **roadshow**, shining a spotlight on CEE jurisdictions and their evolving arbitration frameworks.

Following the launch of the “Take a Seat!” roadshow at PAW 2025 in Paris, ArbCEE is delighted to present the **second stop of the tour in Vienna**, during the Vis Moot week.

This event will feature panellists from **five CEE jurisdictions** who will share recent developments in their respective jurisdictions and engage in a dynamic discussion on the grounds for the **annulment of arbitral awards in the CEE** and issues related to their **enforcement**.
